One Student Killed 4 Others Hurt, two Badly in Car Crash

Collision at Loon and Deep
Lake Rds. Kills Melvin
E. Wohlfeil Jr.

Melvin Wohlfeil, Jr., of Golfview Manor subdivision, was killed and Eugene Vaughan, 17, Millburn, and Eugene Balmes of Petite lake are in Victory Memorial hospital, Waukegan, with serious injuries as the result of a two-car collision at Loon Lake and Deep lake rds. last Friday evening.

Vaughan is suffering from a fractured skull and a punctured lung, and Balmes, driver of one of the cars, has an injured back which has necessitated his being placed in traction.

William Blake, 17, the other car driver, and Ben Floyd, 17, Deep lake, are home after receiving treatment for injuries of a less serious nature.

Floyd was dismissed Monday and returned to class in Antioch Township High school and Blake was dismissed Tuesday evening. Both are outstanding players on the Antioch High School football team.

Word from the hospital yesterday was that Vaughan's condition is fair. He has shown considerable improvement since the time of the accident, but his injuries are so serious that rapid improvement cannot be expected.

Ran Stop Sign—Report
Sheriff's deputies Frank Kazlauskis and Thomas Cusher said the accident occurred when Blake drove his northbound car past a stop sign and crashed into the Balmes auto headed east on Loon Lake rd.

The impact was said to have hurled Wohlfeil out of Balmes car but that he was crushed when it rolled over on its side pinning him underneath. Both cars were demolished.

Vaughan was in the Balmes car. The injured were taken by the Antioch Rescue squad and a Libertyville ambulance to Victory Memorial hospital.

The mishap occurred on the eve of the Antioch High School Homecoming, and rescuers found a homecoming badge pinned to the lapel of young Wohlfeil's coat. He was a member of the sophomore-freshman football squad.

Wohlfeil Funeral Monday
The funeral services of Melvin E. Wohlfeil, Jr. was held at 9:30 a. m. Monday at the Strang Funeral home and at 10 a. m. at St. Peter's church with burial in Mt. Carmel cemetery.

Melvin was born Aug. 28, 1937, the son of Melvin E. and Josephine E. Wohlfeil and came to Antioch with his parents in 1945. He was a member of St. Peter's church, and the Catholic Youth Organization.

He was a sophomore in Antioch Township High school. He competed in all sports and played at end position on the sophomore football team. He received his letter in baseball in 1953. He was employed at the Lakes Linoleum Co., Antioch.

Surviving are the parents, three sisters, Elaine and Lois, high school freshmen; Judy, fourth grade pupil at St. Peter's school, and a brother, John, 5; the paternal grandparents, Mr. and Mrs. William Wohlfeil, Sr., St. Petersburg, Fla.

High School Given Two Patriotic Records

The local V. F. W. presented to the Antioch Township High School this past week valuable Americanism materials. Commander Robert Strang in a brief ceremony in the office of Principal Albert Dittman gave to the high school two long playing records entitled "The Flag of the United States," "Lincoln's Gettysburg Address," "American Patriots Speak," and "The Republic for Which It Stands." The titles of the written pamphlets are "If You Can Keep It" and "Etiquette of the Stars and Stripes."

These very excellent patriotic materials will be used by the American Government classes in meeting the new state law requirements on knowledge about the Constitution and the American flag.

To Observe Week of Prayer
Next week will be observed by the Methodist Woman's Society of Christian Service as a week of prayer and self denial. Oct. 27 will be observed as Quiet Day. Starting at 11 a. m., with a light luncheon at noon, the observance will continue with a short service and communion in the afternoon.

Warns Against Vandalism
Postmaster Roy I. Kufalk issued a warning yesterday that molestation of mail boxes is a federal offense and that punishment is severe. Kufalk says that Halloween pranksters already have damaged boxes by bending flags and said that the fact it is Halloween doesn't give an excuse for vandalism.

Adult Classes Large at A.T.H.S. Night School

The Antioch Township High School Adult Evening School classes are officially open for the first ten weeks session. An excellent enrollment of adults has taken place in woodshop, chorus, shorthand, typing, and Art. The instructors have indicated that there is room in the classes for additional members and enrollment can be made if done immediately.

Woodshop enrollment is again so large that two classes have been established. The classes meet on Wednesdays and Thursdays from 7 to 9 p. m. Shorthand class convenes on Tuesdays and Thursdays for one hour from 7 to 8 p. m. Typing meets on Wednesdays from 7 to 9 p. m. and Art convenes on Thursdays from 7 to 9 p. m.

English, metal crafts and sewing were dropped from the Adult Evening School program because not enough people were interested in the courses.

High School Band and Chorus Prepare for Approaching Concerts

When the Antioch Township High School Concert Band presents its second annual fall concert at 8 p. m. Friday, Oct. 29, it will be the opening performance in a busy year of musical activities. This year's band has already been making a name for itself at Antioch football games. Choral groups have been preparing for minor performances and are anticipating work for the annual Christmas concert. Louis Chenette is the director.

Unusual activities to take place at Antioch this year are the spectacular Northwest Conference Music Festival and the District One Music contests. These activities will bring hundreds of high school musicians to our community from this area of the state.

The band concert on October 29 will feature a finer and more balanced band. Featured vocal soloist is Nancy Swenson. Featured instrumentalists are the trumpet trio members David Cain, Jay Cribb and Barbara Doolittle.

From the opening strains of the National Anthem to the closing Overture from Kismet this promises to be a most enjoyable program. Tickets are available from band members.

Football Game Draws
1,800 Fans

The largest crowd in the history of the Antioch Township High School attended the Homecoming activities. More than 1500 adults and children lined the streets of Antioch as the parade journeyed through the business district Friday evening.

The air was filled with excitement as the parade moved from the business district back to the high school for the pep rally. Eight hundred watched the bonfire and participated in the pep rally on the school grounds.

The parade was marked with many fine entries. The winners of the prizes for floats were:

Senior class, first prize, \$13; F. H. A., second prize, \$9; Junior class and G. A. A., third prize (tie), \$7; Student car, Terry Horton, first prize, \$5.

A capacity crowd of football fans witnessed the Junior Varsity and Varsity football games. Ticket manager Melvin Stillson reports more than 1800 in attendance.

After the game approximately 400 alumni, college students and high school pupils and adults attended the Homecoming dance held in the new boys' gym.

Mrs. Myrus Nelson and Clayton O'Haver were given recognition by the Student Council for being the oldest graduates present. Recognition was given to the youngest members attending of last year's graduating class. They were Donna Martin and Joe Kelly.

Wilmot Homecoming on Friday Sees Panthers Leading S. L. Standing

With sole possession of the top rung in the Southern Lake Conference football standing, the Wilmot High School Panthers will seek their fifth victory tomorrow in a Homecoming game with East Troy. The Panthers by defeating Mukwonago in a homecoming game 19 to 6 Friday night, broke a tie for first place with the Indians.

The night's big ground gainer was Wilmot's Ronnie Faber, who covered 113 yards in 23 sprints. Ralph Sattersten and Bill Hasse were two other effective ground gainers who alternated with Faber in picking up yardage.

Coach Frank Buccell also praised his linemen, Don Swartz, Ronnie Cates, and Richard Bruening. Mukwonago was favored to win, but local observers who had seen the Wilmot team play bang-up ball against the Sequoits knew the Panthers were going places this year.

The game tomorrow evening is expected to attract a large crowd. East Troy in fourth place has won two games and lost one. Last Friday the school tied Delavan 13-all.

Antioch Methodists Vote to Sell Parsonage At Lake and Broadway

The Antioch Methodist church congregation voted 48 to 2 Sunday to sell the parsonage at Lake and Broadway to a prospective purchaser.

President Louis Biel of the church board of trustees had charge of the meeting and read parts of a contract drawn up Oct. 3 which permits either party to withdraw in 90 days if it finds itself unable to carry through its plans. The property was surveyed in preparation of completing the transaction.

Two years ago the trustees drew up a resolution to sell if a suitable offer was made and in May 1953, the Quarterly Conference gave the power to the trustees to make a sale. No definite plans for use of the profit has been made, but recommendations have been made to retire the church mortgage, acquire a new parsonage and improve the Sunday School facilities for the growing attendance which recently exceeded 300.

The church requires a house with no fewer than three bedrooms, living room, study, dining room, kitchen and bath.

The Rev. Howard Benson is pastor of the church.

Hedberg, a son of Mrs. Mariann Hedberg of Rt. 1, Lake Villa, is also a 1954 graduate of Antioch Twp. High School, where he was a class officer and was active in baseball, football, track, the glee club, dramatics, debating, the student newspaper, and the yearbook.

Catch Teenage Youths After Early Break-in at Antioch Liquor Store

Pat Quilty Catches Them in
Chase at Loon Lake;
Car Stolen

Two Cook county teenagers are in jail at Waukegan charged with breaking into the Antioch Liquor store at 4 a. m. yesterday with intent to commit a robbery.

They were captured by Patrick Quilty, a former deputy sheriff, residing in Waukegan who was notified at the home of his mother in Antioch by a telephone operator, that a break-in had occurred at the store.

Charged with the attempted burglary are John Svizzero, 17, of 2646 Lincolnwood dr., Evanston, and Chester D. Matteucci, 18, of 1610 Central st., Wilmette. Matteucci is a former Antioch workman, who Morris Pickus, proprietor of the liquor store said appeared in the store during the past summer in getting a check from his industrial employer cashed.

The two were said to have thrown a small boulder through the smaller of two plate glass windows in the front of the liquor store and fled. They then circled about the town and returned to see whether the crash of glass had caused any alarm.

It had, but they didn't know it.

Mosers Hear Crash
Mr. and Mrs. Frank Moser who live in an apartment above the store, heard the crash. They called Mr. Pickus, the store proprietor and then called the sheriff's office. They were told by the desk sergeant to call Chief of Police Walter Scott, which they did.

In the meantime Quilty received a tip of the break-in when he started to place a telephone call from his mother's home. He was approaching the store when the two youths jumped in their car and sped south on Rte. 21.

Quilty turned around and gave chase at speeds up to 85 miles an hour. The chase ended, however, when the fleeing auto skidded off the highway and went into a field as it rounded a curve at Loon Lake rd.

Shots Hit Fleeing Pair
The youths leaped from the car and ran into a swamp area, but gave up when several shots were fired over their heads.

Quilty had them handcuffed and fastened to his car when Sheriff's Deputies Carl Schmidt and William Wood arrived. Chief Scott also arrived about that time.

It was learned that the car which Svizzero and Matteucci possessed had been stolen, so they were also charged with auto larceny besides attempted burglary.

The police said the car was stolen in Evanston.

They said the two evidently met in a federal correctional institution at Englewood, Colo., where they served terms for auto theft. Matteucci had been released conditionally from the institute, Aug. 8, and Svizzero was on parole from the same place.

They were said to have admitted attempting to enter the Antioch store, but when questioned by Chief Scott and Pickus they denied having any part in other robberies in the community.

Quilty served on the sheriff's force for six months but was released when the appropriation for the office was cut. He proposed to the Antioch village board that he be hired to do night watching, and was told no money was available but that he would be privileged to deal directly with business men. He saw that this would not be profitable.

Whether the two youths sought stock or money, Pickus does not know. The store they tossed through the window was so large that it must have taken both to lift it.

A Set of Facts

Many unfounded charges have been made against the medical profession. One such charge claims there is a serious shortage of doctors available to serve us. What are the facts? Here's one: the number of doctors is now at a record ratio of one for every 730 persons, a proportion exceeded only by little Israel, which has an abnormal number of refugee physicians who fled from Central Europe. Here's another: the nation's medical schools have record enrollments and graduating classes. And here's a third: ten new four-year medical schools are scheduled to begin operation within six years or less, and three more are under consideration.

In these days of swift transportation it is not necessary to try to have a doctor at every crossroad because our doctors now efficiently serve far larger areas than before.

Some of the most notable medical achievements of recent times have been in the field of rural medicine. Many communities, wanting and having a real place for doctors in residence, have publicized their attractions in graduate schools and elsewhere, and have obtained physicians. Through community cooperation excellent hospitals and other physical facilities have been built. There never was a time when we had such good medical care—measured both quantitatively and qualitatively.

Deeper Than We Knew

How deeply has government gone into commercial business operations? Here's what Assistant Secretary of Commerce James C. Worthy has said about it: "The actual extent of such operations is unknown, for many of them are buried in the labyrinthine structures of Government departments. Enough has been uncovered already, however, to demonstrate that they are far more extensive and far more deeply entrenched than any one till now has dreamed." In other words, for many years we moved nearer and nearer toward socialism without even realizing it.

The present Administration, Mr. Worthy continued, is determined to change this, and "to create an atmosphere in which business can flourish and grow." That's good news!

"Freedom With Responsibility"

It was recently said by an editor that the American way of life is "freedom with responsibility." Those three words are the foundation of American independence.

An example of what freedom with responsibility means was witnessed after the recent hurricane in New England. Commenting on the situation, the

Journal Register of Palmer, Mass., said, "It was refreshing to see the motoreds of repair trucks . . . move through this area. The utility companies responded to the emergency in fine fashion. They even brought in outside crews . . . to rig up emergency power where it was needed and as quickly as possible, restore the regular services to their normal functions."

Money in the Ground

Many concrete examples of the fact that oil is a highly competitive enterprise can be cited. An interesting one recently occurred in a small Oklahoma town.

Oilmen from all over America bid against each other for the right to drill for oil on lands which belong to the Osage Indian tribe. There was no guarantee that the successful bidders would find oil. All they could buy was the privilege of trying, with all the risks that involves. Since 1900 leases and royalties have brought this Osage tribe more than \$300,000,000.

This is an example of still another fact—the greatest spur to progress is the profit motive. We have all heard of the profits that have been made from Texas oil strikes. Not so well known is the fact that it costs an average of \$100,000 to drill a wildcat hole in that state—and that the chance of finding a new field is about one in ten. In really major oil developments, money can be sunk in the ground at a terrific rate. One company, operating in Canada, spent \$25,000,000 on dry and worthless holes over a period of 25 years before a big strike was made!

Oil consumption in this country has broken record after record. Even so, our proved underground reserves are larger than ever. That's because oilmen know they can make a profit if fickle fortune smiles on them—and so they take the long-shot chances.

The Low Down From Hickory Grove

Today I direct my attention to the alerting and getting off the dime of the grandest group of folks in this land—also the largest—also sometimes the biggest sucker—the great and numerous middle class—you, yourself and your neighbor, most likely.

Here is what this group should do, but don't. It does not delve into how deep are the waters of politics or what is cooking under a more or less calf surface. A carpenter in Cincinnati, a farmer in Kansas, a hardware dealer in St. Paul are each so busy with his local problems that he figures something cooking, politically, in far away Seattle is not his baby or worry.

Socialism, if it can take root, grow big, grow sassy in the very technical kilowatt business in far-away places like Seattle, in places in New York, in places in the South, it can just as easily or easier, in due course, pick up your carpenter's hammer, barge into hardware, boss the plow-man right there in Kansas or St. Paul or where.

Now folks, busy as you are and nice as you are, you are the guilty culprit. You don't write your Senator, you don't get agitated. It is not your baby, you say. 'Tis your baby, I say.

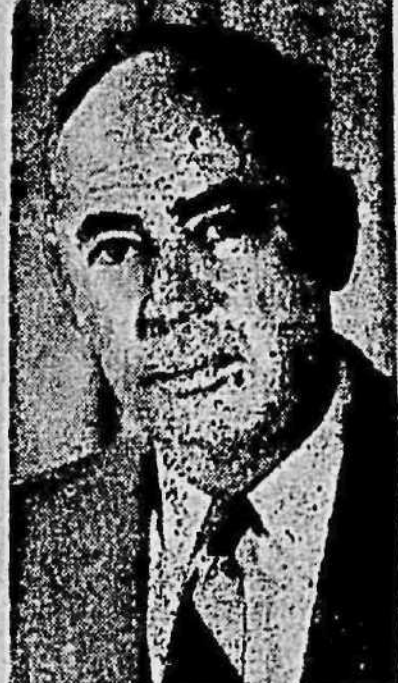

Yours with the low down,
JO SERRA.

BULLETIN
HOW MUCH BETTER IS BUDWEISER?

There are many good beers in America . . . but there is only one Budweiser, the most popular and largest-selling beer in all the world. Here's the best way to explain how much better Budweiser is: No other beer is even close to Budweiser in pleasing folks . . . day after day, generation after generation.

Perhaps you've wondered why Budweiser tastes that much better than other beers. Well, there are many reasons. For instance, Budweiser is brewed by the costliest process on Earth . . . it is much, much longer aged than the average beer . . . it is twice fermented. It is one beer with all-natural carbonation all the time. No wonder Budweiser pleases your taste as no other beer can do.

When you know your beer

Ministers Adopt Slogan
of World Church Group
"We'll Stick Together"

At a meeting of the West Lake County Minister's Fellowship at the St. Andrew's Lutheran Church, Mundelein recently, those present issued a statement of cooperation on the local level.

The action followed a discussion on the Evanston Assembly of the World Council of Churches this past August, led by Dr. Paul Macy, chairman of the committee of one hundred in charge of assembly arrangements in the Chicago area.

The statement uses terminology of the World Council itself when it says, "In the spirit of the World Council of Churches and as members of it on a local level, we intend to stay together in our sense of common concern for Christian evangelism and nurture in our area of responsibility. Locally we will watch for and follow every opportunity for concrete cooperation in our common cause."

The ministerial group meets monthly. It is loosely organized, mainly for the purpose of fellowship. The Rev. Tom S. Sampson

of Mundelein has been the secretary and convener in recent years, and was succeeded Tuesday by the Rev. James Mücke of Libertyville.

Those present assented unanimously to the statement; and besides the men mentioned included the Reverends A. C. Nesmith, Libertyville, John Smedberg, Grayslake, Paul Nelson, Mundelein, George Lockwood, Diamond Lake,

Delbert Schrag, Ivanhoe, Lauren Messersmith, Millburn, Ralph Smith, Wauconda, Paul Irion, Long Grove, and Theodore Roese, Half Day.

WHAT THE V.F.W. MEANS TO THE OVERSEAS VETERAN

As a Comrade...

There's magic in the Cross of Malta emblem of the Veterans of Foreign Wars because it tells the world that the wearer served overseas with the Armed Forces.

It's a symbol of a fellowship that exists only between overseas veterans. They may have served in Africa or Alaska, Italy or Iwo Jima, Saipan or Sicily, Guadalcanal or Germany, but they speak the same language—whether its Pidgin English or Fractured French. There's no tie between men that's stronger than the bond of war time experiences equally shared.

In the V.F.W. you will enjoy a brand of comradeship that will prompt you to forget the things that often keep other men apart—politics, wealth, social position or petty rivalries.

For V.F.W. members—and the members of their families—the social calendars of their V.F.W. Posts offer satisfying friendships that seldom fail to stand the test of time.

Veterans are Good Citizens! Be a V.F.W. Member and be a Better Citizen! Join the V.F.W. Now!

The Basic Idea Behind the All-New 1955 PONTIAC

On Display October 29 and 30

ABOUT 30 years ago General Motors Corporation presented to America a new car called Pontiac. This new car was the direct result of a very specific idea.

The idea was this: to create a car which took its style, its engineering principles and its features from the very best and most expensive in America—and to build these into a car priced just above the very lowest!

Naturally, such an idea produced a wonderful and highly popular car—a car which millions of satisfied owners have driven with outstanding pride and pleasure.

Now, nearly three decades later, an entirely new Pontiac has been created for 1955—a car completely new from the ground up!

One thing, however, about the 1955 Pontiac remains unchanged—its basic idea—to offer the American public the very finest car that can possibly be built to sell at a price within easy reach of any new-car buyer.

When you see the new Pontiac on Friday or Saturday—Oct. 29 or 30—you will be immediately impressed by its remarkable new styling. No other car in the world looks like this new Pontiac!

When you drive it you will be astonished at its performance. For the 1955 Pontiac introduces the powerful new Strato-Streak V-8, an all-new engine that has already been proved in more than 3 million test miles!

When you price the new Pontiac you will come face to face with the basic Pontiac idea—you will be agreeably surprised that so much car, so much sparkling newness, so much luxury, so much downright goodness can be priced so near the very lowest.

We cordially invite you to come in on Friday or Saturday and see for yourself what a superb all-new General Motors masterpiece has been created to carry the wonderful name "Pontiac" for 1955.

V. F. W. Gives Records, Patriotic Pamphlets To Antioch Schools

Veterans of Foreign Wars, the boys that have fought for freedom around the world and realize the importance of the Bill of Rights, freedom per se, and the whole significance of the flag under which we live, feel that now, as never before Americans should be made to appreciate and realize the importance of our democracy, that they had to find out the hard way.

It is with this thought in mind that Sequoit Post No. 4561 of the Veterans of Foreign Wars announce the starting of a program of Americanism. To date, a pamphlet titled "Etiquette of the Stars and Stripes," which was originally prepared by the VFW and which has become a standard reference for schools, colleges, civic, patriotic and fraternal organizations throughout the United States, has been distributed to all the schools in Antioch, Fox Lake, Lake Villa, Channel Lake and Grass Lake. This is only a very minute area of the United States, but material on such a subject is bound to spread further. That is what we all sincerely hope will be the case.

The pamphlet tells the story of the flag, and how to care for and display it. It is written not only for children but for grown-ups also, and they, the VFW, only wish it were possible to place this pamphlet in every home in this land.

Records in Sets
A set of two patriotic records for young people, was presented to each school. On one side of the records is "Gettysburg Address," beautifully presented against a background of stirring and dramatic patriotic music. The other side of this record is "The Flag of the United States of America," narrated by Franklin McCormick.

The second record is "The Republic for which it stands," on one side and, "American Patriots Speak" on the other. The sponsors, and authors of these records are Lloyd and Lella Whitney of Chicago. These records have been placed in hundreds of schools throughout our nation and have been played over countless radio stations and at public gatherings. It is noted that 51 schools that received last year's top awards from the Freedom Foundation at Valley Forge had the Whitney Flag recording in the school library.

The V. F. W., to complete the material given to the schools, included a manuscript prepared by the Whitney's entitled "If You Can Keep It." In it is a quotation from Daniel Webster—"If an angel should be winged from Heaven on an errand of mercy to our country, the first accents that would glow on his lips would be, 'Beware! Be cautious! You have everything to lose; you have nothing to gain.' We live under the only government that ever existed which was framed by the unrestrained and deliberate consultations of the people. Miracles do not cluster. That which has happened but once in six thousand years cannot be expected to happen often. Such a government once gone, might leave a void to be filled for ages with revolution and tumult, riot and despotism."

World War II taught these Veterans of Foreign Wars a lesson never forgotten—that there WAS something to lose if the War hadn't been won and NOTHING TO GAIN if we'd lost. But have we really won yet? There always will be those who are envious of our freedoms and our flag which has become such a symbol to the American people. That is why the Antioch post does not intend to stop with this program of Americanism. As new material becomes available

they shall see that it is distributed to the schools, which are the very foundation of knowledge of our future America. They cannot emphasize too strongly that today, more than ever before, we all must strive to keep our country "the land of the free and the home of the brave."

Methodist Children to Tricks or Treats for Needy of Other Lands

This Halloween season the children and youth of The Methodist Church of Antioch are planning to Trick or Treat for the children of the World—the 600 million children in faraway lands that are hungry or sick.

When these young people carrying UNICEF containers ring the doorbell, they will be asking for nickels, dimes and quarters—not for themselves, but for underprivileged children around the world. Through the United Nations Children's Fund, the money will help give milk to children in Korea, protect children in Egypt from tuberculosis, save children in Chile from diphtheria. This lists but a few of UNICEF's accomplishments.

The Trick or Treat program will be concluded with a Halloween party at the church which will begin at 7:00 p. m. Sunday evening, Oct. 31. Mrs. John Quinn, State Line rd. is chairman of the program for UNICEF.

LAKE VILLA

Last Sunday was Layman's Day at the Community church and Mr. James De Waters, lay leader, assisted by Mr. Don Summers and Mr. John Romer did a very fine job in conducting the services.

The Family Night dinner at the church last week was very well attended, a splendid dinner was served under the direction of the W. S. C. S. and the speaker, Bishop John Springer, who lived in Africa for many years, gave an interesting talk.

The W. S. C. S. will not hold a meeting this week as the group is sponsoring the Holbrook dinner on Wednesday evening, and some of the group will attend a meeting of Antioch W. S. C. S. So the next meeting will be at the church in November and you will hear more of that later.

Mr. Charles Von Oeyen of Petite Lake Park is a patient at Condell hospital recovering from a fall he suffered while on a ladder trimming trees at his home last week. Jack Mahoney who lives next door found him helpless so took him to the hospital for treatment and he

is recovering from a badly shaken up condition. Our village was saddened last week by the news of the passing of Edward J. Lehmann, one of the founders of Lake Villa and who maintained a beautiful home just north of the village. Mr. Lehmann spent most of his boyhood years in this vicinity and now only one, his sister, Mrs. Edith Behr of Lake Forest, is left of that family. Mr. Lehmann leaves his widow, Florence Lehmann, and a son, Robert, manager of the estate. The Lehmann Park, in the center of the village was given by the family, as a memorial to their mother.

Mr. and Mrs. F. Huckins, Mrs. J. Harrison and son and Mrs. Irene May, all of Chicago, were luncheon guests of Mr. and Mrs. Frank Emerson early last week, and on the following day Mr. and Mrs. F. Emerson and Mrs. E. Erickson of Waukegan were dinner guests of Mr. and Mrs. J. Morris in Milwaukee.

Mr. and Mrs. F. Emerson were in Chicago late last week to attend Blair chapter O. E. S. and games in the evening were for the benefit of the polio fund.

Mrs. Helen Fish entertained the members of the R. N. A. Officers

club at a luncheon at her home last Wednesday afternoon and made plans for the coming fall and winter. Mrs. Gertrude Hamlin who has been in Massachusetts with her daughter, Mrs. Bojan Jennings and family for the past several months returned home by plane last Thursday.

Celebrate Silver Wedding Anniversary

Mr. and Mrs. Russell Brumfield were honored guests at a family party at the recreation room of the village hall on Sunday afternoon in celebration of their marriage which took place in Waukegan twenty-five years ago, and 75 guests, all relatives except Mr. and Mrs. Lars Steffenberg and Mrs. Tidmarsh of

Antioch, were present from Waukegan, Antioch, Kenosha, Libertyville, Chicago, and Lake Villa were there to celebrate the occasion. They have lived in Lake Villa the greater part of their married life and Mr. Brumfield is employed at the Tewes Co. in Waukegan. Mr. Brumfield's mother who lives in Washington state was not able to be present but sent a telegram. His sister, Mrs. Oliver Hughes and family of Antioch were present. Mrs. Brumfield, the former Miss Agnes Peterson, had her brothers and sisters present to witness the mock wedding. The couple was presented with a tree of silver dollars and the group enjoyed a buffet dinner at 5 o'clock.

New FORD
THUNDERBIRD

A personal car of distinction
...with Trigger-Torque performance

You'll be delighted at the wealth of conveniences the Thunderbird offers. Two tops are available: a disappearing fabric top . . . and an easy-to-lift-on hard top. The extra-wide vinyl upholstered seat is foam-rubber-cushioned . . . power-operated 4 ways. Windows roll up . . . by power, if you like. There is a tachometer . . . and a clock with a sweep second hand. There is a telescoping steering wheel. And you can have power steering and power brakes.

Something totally fresh is here—a bewitching new all-steel beauty that sets the styling keynote for other Ford cars to come.

But, styling gives the merest hint of what the Thunderbird has to offer. In traffic and on the open road the Thunderbird's Trigger-Torque performance is literally a revelation. Here is hair-trigger response . . . fleet, liquid agility . . . backed by a reserve of swift, sure power to meet safety's every demand. Trigger-Torque performance stems from Ford's new Thunderbird Special V-8—a high-torque engine with 4-barrel carburetor, dual exhausts, wide-opening valves and Ford's famous low-

friction design. And you can have the Thunderbird with the transmission of your choice—Conventional, Overdrive, or new Speed-Trigger Fordomatic.

Ford's Ball-Joint Front Suspension not only velvet-cushions your ride, it also allows the Thunderbird to handle with utmost ease—to corner with greatest stability.

But, more important, the Thunderbird is the product of the same advanced engineering . . . the same manufacturing skills that have made Ford products so dependable, so value-full and so desirable to so many.

Realistic Civil Defense Alert Test to be Given on Sun., November 7

A civil defense alert in a most realistic fashion will be staged in Antioch Sunday afternoon, Nov. 7, according to Civil Defense Director John Horan.

After consultation with C. J. (Pop) Holtman, Waukegan, Lake County Civil Disaster Communications Unit director, Director Horan said that neighboring fire departments and rescue squad units will participate in a test procedure that

will have the appearance of a real disaster.

Four boy scout units will be used in various capacities on that afternoon, some of them serving as injured persons who will be rushed to first aid stations for practice first aid care. Fires, explosions and other props will be used to simulate a real disaster.

Assisting in the alert will be the Red Cross, American Legion and V. F. W. units, but bearing the most of the responsibility will be the Antioch fire department and the rescue squad together with police and other Civil Defense units.

What next, Mr. Edison?

In celebrating Light's Diamond Jubilee, we honor Thomas A. Edison, whose first practical light bulb was successfully tested October 21, 1879.

PUBLIC SERVICE COMPANY

SEE LIGHT'S DIAMOND JUBILEE TV SHOW—OCT. 24—8 TO 10 P. M.—ALL CHANNELS

If you were alive today, we think you'd be proud of the electrical industry and what it's done for America.

The industry you started back in 1879 with a single light bulb has made life better, richer, and more productive for all of us.

Work-saving electrical appliances do the cooking, cleaning, washing, ironing, and drying in our homes.

Electrical machines make jobs easier, faster, and safer for everyone who works in a factory, in an office, or on a farm.

Electricity lights our way... entertains us... cools us... warms us... does all these things for only a few pennies a day.

If you were alive today, you'd see new ideas in electricity promising an even better way of life for our future.

You'd see new things coming... new and better appliances... new methods of communication... new industrial ideas... new farm equipment... and perhaps other ideas so new we haven't even guessed at them yet.

25 years from now, some of these ideas will have taken their place in our lives beside your light bulb. Which one will be most important to mankind? Which one will be first?

What next, Mr. Edison?

Republican Speaker

Sect. Douglas McKay

Mrs. Seyfarth Helps Plan G. O. P. Rally At Lake Forest Oct. 28

Secretary of the Interior Douglas McKay is scheduled to address Lake County Republicans at a pre-election rally sponsored by the Deerfield-Shields Women's Republican Club at Lake Forest High School next Thursday evening, Oct. 28, at 8:15 p. m.

Secretary McKay, who will ap-

pear as President Eisenhower's personal representative, will discuss the present political picture. This will be his only speech in the Chicago area as he is stopping on route to the west coast where he will give two more major speeches in behalf of the administration.

Governor of Oregon for two terms, Secretary McKay was appointed to the Eisenhower cabinet in January, 1953. As Interior Secretary, he is the nation's biggest landlord, greatest giver of light and water, master of forest and range, controller of minerals and oil, boss of 58,000 people and a \$519 million budget.

A number of Lake County Republican leaders will appear on the platform at the Thursday evening rally. Congresswoman Marguerite Stitt Church will introduce the Secretary, who is the first speaker of cabinet level to address a political gathering in Lake County.

Other speakers include Austin L. Wyman of Glencoe, who will give a five minute talk in support of Joseph T. Meek, Republican nominee for U. S. Senator, and Senator Robert McClary of Lake Bluff, of the eighth Senatorial district, who will give a brief explanation of the Blue Ballot Reapportionment amendment which will be voted on November 2.

Mrs. Richard B. Seyfarth of Lake Marie, Antioch Township chairman

of the Township Republican Women of Lake County, is among the GOP leaders assisting with plans for the rally.

A coffee hour following the program will give Lake county people an opportunity to meet the cabinet member and talk with local party officials.

Mrs. Fager's Anecdote Used by Reader's Digest

Mrs. Earl Fager of Venetian Village received a substantial award for her contribution of an article to the "Life in These United States" in Reader's Digest this month. The article she sent in was as follows:

"When my son was born I shared a room on the maternity floor with a pleasant young woman who was to be discharged from the hospital a day sooner than I. The nurse who helped her pack her things was amazed to find several lovely nightgowns which had never been worn. In admiration and exasperation she cried, 'Why didn't you wear these here for us to see? Now you'll take them home and just wear them for nobody!'"

"What do you mean—nobody?" my roommate replied in mock indignation, "I'll wear them for my husband."

"The nurse shook her head and said flatly, 'Yes, and be back here next year.'"

PAUL H. DOUGLAS
America's No. 1 Senator

- Sponsoring bills to make off-shore oil royalties help pay for schools and thus relieve pressure on local taxes.
- For increased personal income tax exemptions; achieved cut in federal taxes on home appliances.
- Full support to collective security against communist threat; full support to President's foreign policy.
- Fought for broader social security, more adequate unemployment compensation. Nationally recognized expert in this field.
- Famed for 6-year fight against wasteful government spending, public resource giveaways, pork barrel grabs.

They're ALL for Douglas!

MAJ. GEN. M. A. Edson (ret.), Marine Corps: "You have faced the problems of good government with the same indomitable spirit and courage which you displayed while serving with the First Marine Division. We need more of your type in Congress."

WALTER LIPPMAN: "I do not see how a conscientious independent can fail to favor Sen. Douglas of Illinois over his meager opponent."

CITIZENS-FOR-KE LEADER ED WALDMIRE: "I feel that Sen. Douglas is best qualified for the job and the man who will give the most cooperation to Pres. Eisenhower."

CHICAGO SUN-TIMES: "In personal ability, qualifications, intellect, devotion to public service and understanding of government, Douglas stands head and shoulders above his Republican opponent. Douglas is virtually without an equal in intellectual attainment in the Senate."

Vote for Douglas NOVEMBER 2nd.
